

President's Report 22 July 2018

The mission of our club is to **PROVIDE A FRIENDLY, WELL ORGANISED AND SAFE ENVIRONMENT FOR ALL BLOKART ACTIVITIES** in Auckland. I believe the club continues to meet these overall objectives.

The last 12 months have been quieter than the previous 12 months.

Unfortunately the wind did not cooperate for the North Island Open . The wind has also not cooperated yet for the 100k race or Glinks Gully.

We continue to use our newsletter to communicate with our members.

Our website has been totally refreshed.

Ardmore's tenure continues to be uncertain, so we continue to look for new venues

We continue to have national and international level representation and to provide guidance for the sport worldwide

The club's strong health and safety culture continues to provide a platform to keep our members and the general public safe at all events.

The committee continues to achieve the goals set in our strategic plan. The only one we are still struggling with is; To ensure that a range of safe venues are available in the Auckland region for blokart activities.

I would like to thank the committee for all the work put in during this past year and the general membership for supporting us and pitching in when asked.

David Heilbron (President)
